

## **N.S.O CLEANLINESS DRIVE**

NSO students take all the initiatives to keep the sports Ground clean. They make sure that the boundaries of the ground are clean and all the potholes inside the inner circle of the ground are filled properly and no garbage is collected around the boundary wall.

Notices are also pasted on the trees, so that the students are aware of the fact that they should not litter around. Many dustbins are kept in the inner circle of sports ground, so that the disposable items should be thrown in it

Sports changing room, Sports Office, Basketball Court and Volleyball Court are cleaned on daily basis. Water tank of the Sports Changing room is cleaned monthly. Gym room is maintained with utmost care.
