Report on Workshop on
New Guidelines for SSR by NAAC

UGC-Paramarsh Project

13th February 2020; Committee Room, Kamala Nehru College

Kamala Nehru College organized a day long workshop on 'New Guidelines for SSR by NAAC' under the UGC-Paramarsh Project on the 13th February 2020 in the college Committee Room. The invited speaker was Dr. Pratibha Singh, Deputy Advisor, NAAC Office, New Delhi. The Academic Advisor to the project, Prof. T.K. V. Subramanian was also present and was requested to provide step-by-step guidance.

Dr. Renu Bali, IQAC Coordinator of Kamala Nehru College began the session with an introduction of mentee colleges: Aryabhatt College (University of Delhi); Churachandpur College (Manipur); Indian Institute of Crafts and Design (Jaipur); Motilal Nehru College (Evening) (University of Delhi) and Satyawati College (Evening) (University of Delhi).

The Principal Dr. Kalpana Bhakuni welcomed the guests and underscored that Paramarsh is a scheme based on a hub and spokes model and the colleges which are going through NAAC accreditation are partners in the scheme. She called for mutual collaboration and cooperation between the colleges and pointed out that on this platform, all colleges could share their strengths, weaknesses and experience. She said that since this project was about guidance to non-accredited colleges, the responsibility of the mentor included help in training the faculty and staff in documentation, sharing of documents and resources, organizing FDPs for training, guidance and encouragement to adopt best practices as well as guidance in the application procedure.

This was followed by a presentation by Dr. Pratibha Singh on 'Revised Accreditation Framework'. She pointed out that the framework was designed keeping in mind that it should be as objective and as transparent as possible. She briefed about the changes in the process of accreditation. She highlighted the importance of quantification in the revised framework and discussed other important aspects of the application and accreditation process including online application process, peer team visit, the preparation of the Self Study Report (SSR) report, the grading system and the various criteria therein. She concluded the presentation by explaining the Data Validation and Verification (DVV) process and Inflibnet Bibliometric Data Validation. The presentation was followed by a lively interaction wherein the participants raised their particular queries and concerns and got detailed guidance.

Prof. T.K.V. Subramanian spoke on the importance of the collection of data, and pointed out that though the seven criteria were the same, the revised accreditation process laid much more emphasis on quantification.

After lunch the participants took a survey of the legacy, infrastructure, facilities and the ambience of the college. This was followed by the Valedictory session where the participants were given their certificates of participation by Prof. Subramanian. The workshop ended with a vote of thanks.
